

COVENANT > CONTRACT

Grace is scandalous. The fact that God loves the ungodly is unthinkable. But the fact that Jesus was a friend of sinners and was rejected by the religious is undeniable. Throughout scriptural history as well as today, people can't free themselves from sin. Salvation comes only by the grace of God through the blood of His Son, Jesus. No amount of moral conduct or religious ritual will ever earn abundant life in this world or eternity with God. We can be free from the slavery of our own efforts.

Truly grasping the freeing power of God's grace helps us realize the following truths:

- 1 Freedom is better than faking it.
- 2 Family is more than just a name.
- 3 Failure doesn't equal firing.

In Christ, there's no condemnation, no shame, no hiding, no mask. We're free to truly experience the love and grace of God and His people.
